Join us for a film, talk and discussion on the Downing Street Minutes with **Ann Wright,** former US diplomat who resigned in protest of the war & who testified to Congress about the Minutes

The highly classified Minutes, written on July 23, 2002, show that the invasion of Iraq wasn't the last resort but Bush's intent all along. "Bush wanted to remove Saddam, through military action, justified by the conjunction of terrorism and WMD. But the intelligence and facts were being fixed around the policy."
