

Tired of high crimes & misdemeanors in the White House, but don't know what to do about them?

Impeachment Town Hall Meeting

with special guest and keynote speaker

ANN WRIGHT

Learn how to support the Constitution, and achieve (non-violent, of course) regime change here in the U.S.

Ann Wright is a veteran and former diplomat who resigned from the State Department because of the US invasion of Iraq. She's a great speaker and very familiar with the lies leading up to the Iraq invasion and other impeachable offenses.

Protect the Constitution. Restore U.S. values. End illegal spying, lying, and torture.

This is a nonpartisan event. The emphasis will be on the impeachable offenses committed by George W. Bush and Dick Cheney, how to talk with people about those offenses in a way that will help them understand the necessity for impeachment, and what we as citizens can and should do about it. The goal is NOT to promote or bash a particular political party.

When: Monday, Sep. 4 2006 (Labor Day), 1:00 - 5:00 PM

Where: Resurrection Metropolitan Community Church
2025 West 11th Street -- inside the 610 Loop, north of I-10, just west of T. C. Jester

Updates, Details, Map: ProgressiveActionAlliance.org or paa-tx.org

Sponsored by the Progressive Action Alliance. Co-sponsored by the Houston chapters of Veterans for Peace and Code Pink.
